

Help make your students Super Savers.

Basic financial life skills help kids achieve financial independence and make the most of their future.

For over 75 years Commonwealth Bank has been supporting the financial literacy of Australian school children through Student Banking, a class-based learning program that teaches kids all about money and saving in a fun and interactive environment. In fact, we've found that compared to other Commonwealth Bank customers, Dollarmite club members usually grow up to be more financially savvy and are more likely to have higher savings.

Last financial year more than 100,000 kids were involved in the program, and over \$730,000 was raised in commissions for schools nationwide. The Dollarmites – Spen, Cred, Addy, Pru and Pat the dog – are always there to make saving and learning fun.

For more information about the Commonwealth Bank Student Banking program and how you can get involved, visit commbank.com.au/supersavers

Determined to be different

Seaweek

March 1-7

2009

A climate for change
EDUCATION & ACTION

Join the Marine Education Society of Australasia for Seaweek 2009

Online Resources for teachers and community members will be compiled and developed over the coming months to highlight the role of education in encouraging a more sustainable future in the face of climate change and acknowledge the organisations and communities in the front line of combating biodiversity and habitat loss.
